CHIEF OF POLICE

*"IN PARTNERSHIP WITH THE COMMUNITY"*

## Irvine Police Department

### **\*\*CONSTRUCTION SITE THEFTS\*\***

Construction sites frequently contain large amounts of building materials that are very tempting to criminals. Any activity on the construction sites after normal business hours is suspicious. Large flat bed trucks making pick-ups after dark or in the early morning hours may indicate criminal activity. If you observe this behavior, do not try to interact with the driver, call our Dispatch Center immediately at **(949) 724-7200**.

Irvine Police Officers and Investigators are actively working to solve these crimes and your assistance is vital to their success.
